

## Soft Play Rules

### Parents & Guardians MUST:

- Remain on the premises at all times.
- Monitor their child to ensure he/she is capable of using the equipment safely.
- Know where their child is at all times and also ensure the child is able to locate them at all times.

Parents & Guardians know their child's capabilities best, so they should ensure an appropriate level of supervision to reflect this. For the safety of other children, the management reserve the right to remove unruly children from the centre. Management also reserve the right to refuse admission.

Socks must be worn by kids at all times and adults must also wear socks when entering the frame due to health and safety

Once you leave the gate you can not re-enter unless you decide to pay again, this is for the safety of the children and so we know the capacity we have inside is correct

We further require at least one adult for every 5 children visiting to ensure an appropriate level of supervision is maintained.

### Safe Play Rules

Tots Play is our baby & toddler area and is aimed for children aged between 0 and 4 years.

- It is the responsibility of accompanying parents & guardians to monitor the children in their care to ensure they are capable of using the equipment safely.
- Parents & guardians must accompany their child in Zone 1 at all times. Please do not under any circumstances leave your child unattended at any time.
- Please be aware that older siblings may frequent the area to oversee their younger brothers & sisters playing. Please bring to our attention if you feel their behaviour is too boisterous for you younger children.g

Junior Frame our multi-levelled soft play areas aimed at children aged from around age of 4 – 12 years old.

- Younger children must be supervised by a parent or guardian at all times.
- It is recommended that younger children stay on the ground level. These children (because of age or lack of ability) pose a higher risk to injury and as such must not explore the upper levels until they are fully confident and able.
- Clothing Restrictions: Long sleeves and long trousers are advised for both The Warp Drop and Moon Buggy slides. Any thin materials at risk of tearing and causing injury are not permitted.

- Age Restrictions: Due to the nature of The Ward Drop Slide (a 20ft drop) we recommend a minimum age of 7. Furthermore we recommend a minimum age of 5 for The Moon Buggy slide.
- Younger children may take part only at the request of their parents.

Parents & guardians should note that whilst every possible effort has been made to provide the optimum safety for children using the centre, Discovery Bay cannot be held responsible for accidents that occur as a result on playing on the apparatus.
